

With special thanks to Craig McFarlane for compiling this list.

The **SUB 60 Hall of Fame** is a list of those exceptional athletes which have managed to complete the entire race in less than 60 minutes.

Please note that pre 1980 the race had start/finish lines situated much further away from Firmin Field, resulting in very little Sub 60 times. However, members would almost certainly have included Jim Chadwick, Mate Matich, Ted koia, Taipo Kajavala and Brian Stevenson from the early years.

1988 was a golden year with 20 athletes achieving the SUB 60; it was the same year Barry Prosser set the still standing course record (45:54). It would be worth noting the race was held in June 1988, not October as it has been since 1992.

START/FINISH: Firmin Field. Total return run taking less than 60 min. ('Real sub-60')
